- Organisation Design activities
- Project activity
- Any questions?

# Transforming Research Management

## Thank you for participating in template activity

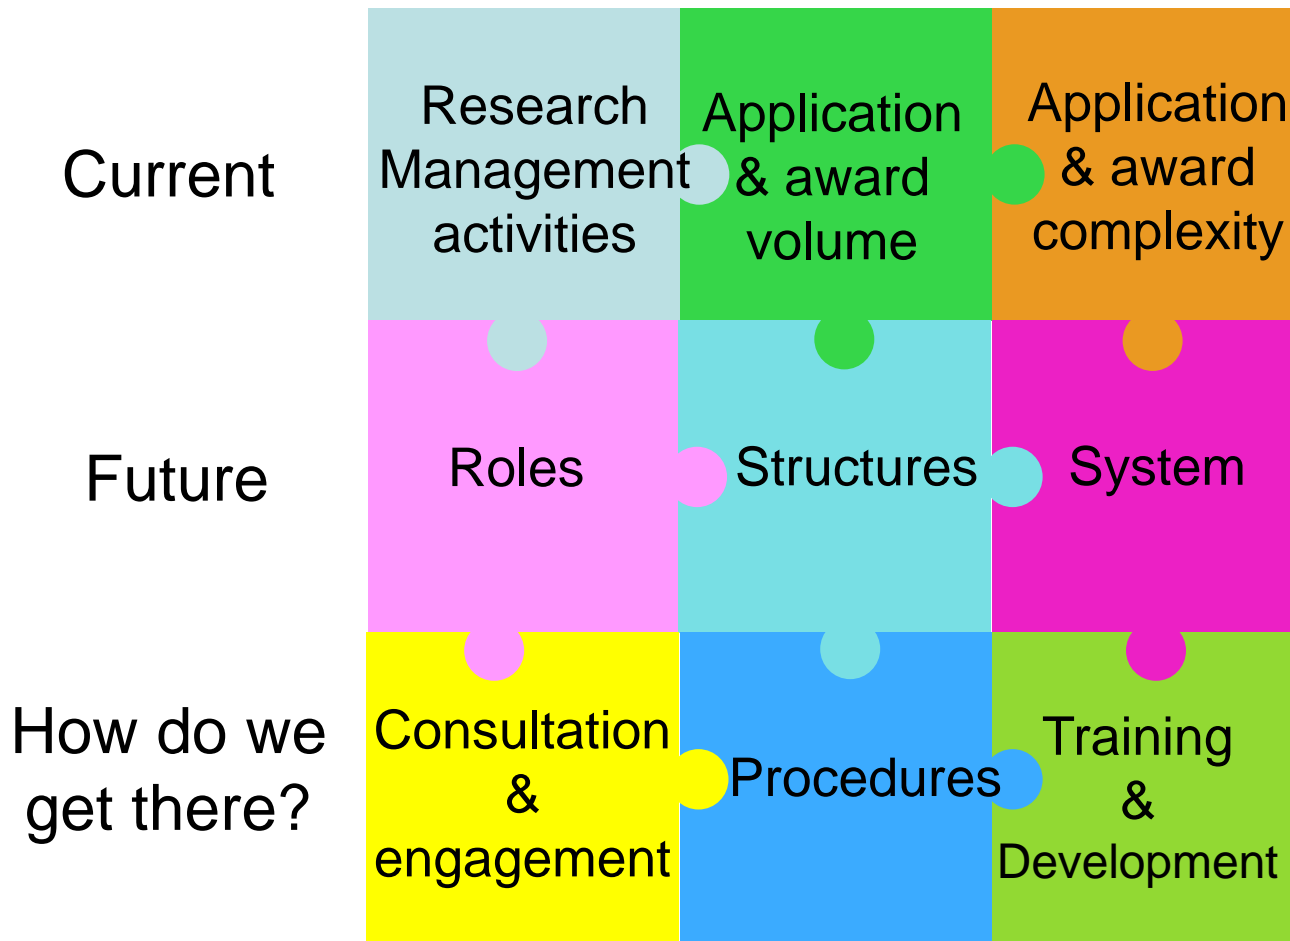

We now have a picture of the scale and scope of Research Management support activity being carried out across the University.

- High level quality check to validate data being carried out with Colleges/US
- Helps indicate who might be impacted by changes to systems and processes
- Identifies activities not included as part of the formal process review

## Research Management activity summary

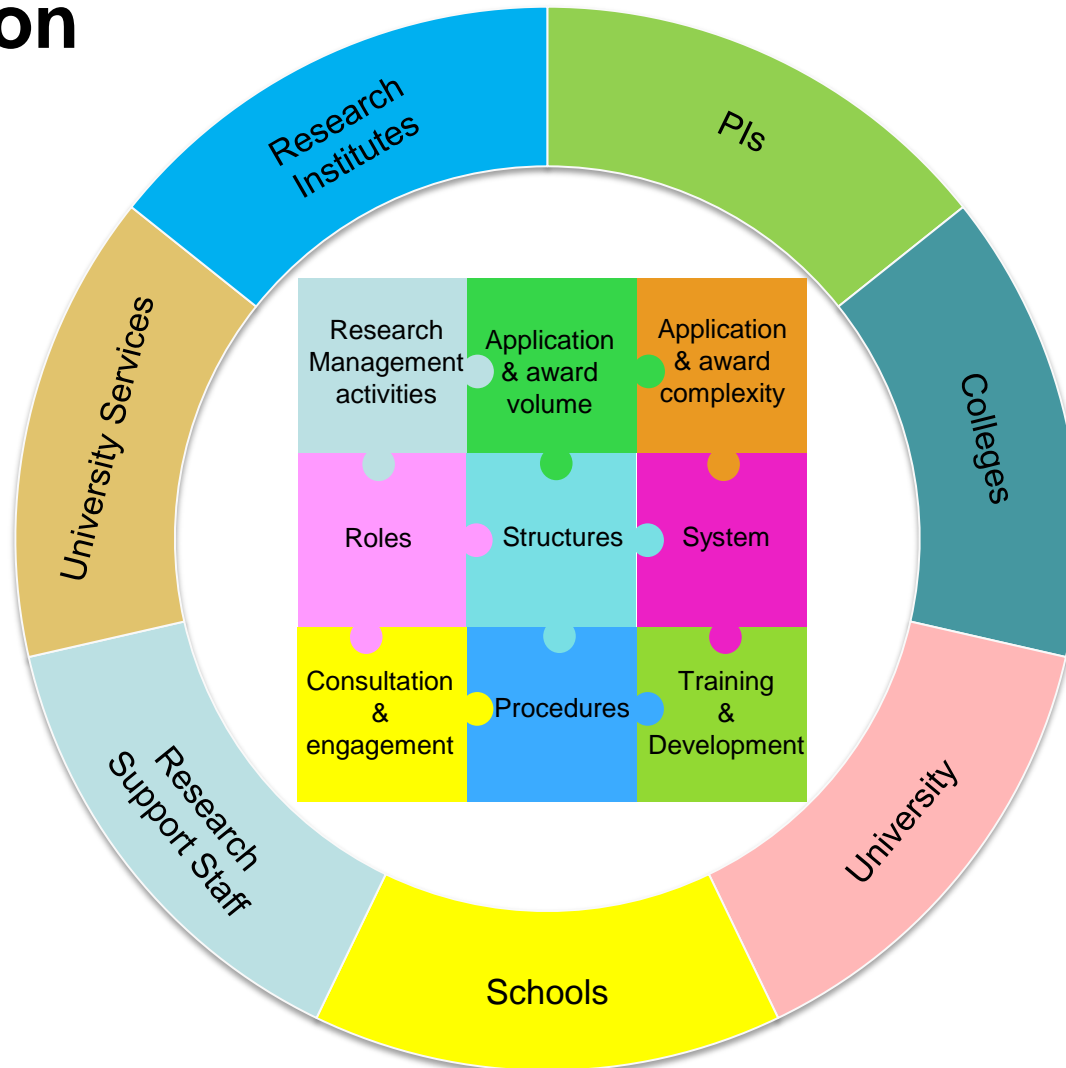

Number of templates returned: 264

## Organisation Design

# Organisation Design
