

Network Plus: Industrial Systems in the Digital Age Conference 2017 - Looking Beyond Industry 4.0

connected everything.
industrial systems in the digital age

CALL FOR PAPERS

The Network Plus: Industrial Systems in the Digital Age is bringing together core colleagues from the Manufacturing, Digital Economy, ICT, Design, Human Factors and Business communities to build new collaborations between leading academics and industry partners. Its first annual conference, hosted by the University of Glasgow, aims to address the fundamental science challenges to support Industrial Systems in the Digital Age.

We invite submission of one-page abstracts for both oral and poster presentations. All abstracts must be submitted through Easy Chair via <https://easychair.org/conferences/?conf=isd2017>. Only one oral and/or one poster abstract may be submitted from an individual participant.

Key conference themes

- ⇒ Industrial Internet of Things
- ⇒ Data analytics and decision making
- ⇒ Skills and jobs
- ⇒ Industrial cyber security
- ⇒ Manufacturing sustainability
- ⇒ Service design and customisation
- ⇒ People and automation
- ⇒ Cyber-physical systems
