

Project Assistant

GRADE 4

Job Purpose

To provide a range of administrative and support services to a research or business change project.

Main Duties and Responsibilities

- 1. Deliver a range of administrative and/or customer services in support of project outcomes.
- 2. Prepare documents, presentations and other materials to a clear brief, using established formats and standard software packages.
- 3. Maintain project plans and budget tracking and supporting documentation.
- 4. Prepare straightforward analysis, interpretation and data manipulation.
- 5. Prepare and manage communications and engagements with a range of stakeholders
- 6. Set short term priorities or work schedules, assigning straightforward and routine tasks to others, to ensure operational efficiency.
- 7. Collaborate with colleagues and participate in team/group meetings/seminars/workshops across the research Group/School/College/University and wider community [e.g. Academic and Industrial Partners].
- 8. Resolve issues, applying sound judgement based on experience, largely without reference to others to provide an effective service and clear advice to colleagues and customers.
- 9. Undertake any other reasonable duties as required by the team.
- 10. Engage in reasonable professional development activities as appropriate.
- 11. To contribute to the enhancement of the University's international profile in line with the University's strategic plan.

Qualifications

Either: Ability to demonstrate the competencies required to undertake the duties associated with this level of post having acquired the necessary knowledge and skills in a similar role. Or: Scottish Credit and Qualification Framework level 5 or 6 [National 5 or 6, Scottish

Vocational Qualification level 2 or 3] or equivalent, and experience of personal development in a similar role.

Knowledge, Skills and Experience

- Ability to undertake assigned tasks in a timely manner and to an acceptable standard
- Detailed knowledge of relevant systems, equipment, processes and procedures including software packages
- Initiative and judgement to plan or schedule work days and weeks ahead, and to respond to changing requirements and resolve problems independently
- Ability to communicate clearly, clarifying requirements, responding to colleagues and customers
