I UNDERGRADUATE ENTRY

Before applying for admission to the Faculty of Law, Business and Social Sciences, all applicants should consult the most recent edition of the University's *Undergraduate Prospectus*. The *Prospectus* sets out the normal qualifications required for admission, describes the application procedure, summarises the degree regulations and courses offered, and gives general information about the University.

The *Prospectus* is available in most UK schools, or it may be obtained from The Registry, University of Glasgow, Glasgow, Scotland G12 8QQ.

II APPEALS BY STUDENTS

The Senate is charged by the Universities (Scotland) Acts with a duty to superintend the teaching of the University. This is understood to include examining. The Senate has authorised the establishment of Faculty Appeals Committees to hear appeals in the first instance, as specified in the Code of Procedure for Appeals to a Faculty Appeals Committee.

A student may further appeal from the decision of the Faculty Appeals Committee to the Senate.

Any appeal giving all the grounds of that appeal must be despatched in writing to the Clerk of the Faculty, or to the Director of the Senate Office, as appropriate, within 10 working days of the intimation to the student of the decision against which he or she is appealing.

Students are advised to consult the Clerk/Secretary of the relevant Faculty before lodging an appeal to the Faculty Appeals Committee and the Director of the Senate Office, before lodging an appeal to the Senate Appeals Committee.

The Code of Procedure for Appeals to a Faculty Appeals Committee and the Code of Procedure for Appeals to the Senate are set out in that section of the University *Calendar* entitled 'University Fees and General Information for Students', which is available online at <http://senate.gla.ac.uk/calendar/>. SOCIAL SCIENCES

III DEGREE OF MASTER OF ARTS (SOCIAL SCIENCES)

The Degree of Master of Arts (Social Sciences) is governed by Resolution No. 523 of the University Court which came into effect on 1 October 2006 with provision that:

1. The Degree of Master of Arts (MA) (Social Sciences) may be awarded by the University of Glasgow in the Faculty of Law, Business and Social Sciences either as a General Degree or as a Degree with Honours in such designations as may be prescribed by Regulations.
2. The Senate may make Regulations, which are subject to the approval of the University Court, governing the award of the Degree – these are set out in the section entitled 'Regulations' below.
3. The early exit awards of Diploma of Higher Education and Certificate of Higher Education are also included in the Regulations.

REGULATIONS

The section of the University Regulations: *University Fees and General Information for Students* applies to all students and sub-sections therein relate directly and indirectly to academic study; for example the Code of Assessment, Faculty Appeals Code and Senate Appeals Code. The following Degree regulations are an extension of these regulations.

1. Duration of Degree Study

1.1 Study in the University of Glasgow

The curriculum for the General Degree of Master of Arts (Social Sciences) shall extend over not less than three academic sessions of full-time study or not less than four academic sessions for part-time study.

The curriculum for the Degree of Master of Arts (Social Sciences) with Honours shall extend over not less than four academic sessions of full-time study or not less than seven but not normally more than ten academic sessions of part-time study.

1.2 Recognition of Study in other Faculties, Universities and Institutions of Tertiary Education and Secondary Level Qualifications

- a) A candidate who has, as part of the curriculum for a degree in another faculty of the University, attended courses and obtained credits which qualify towards the Degree of Master of Arts (Social Sciences), if admitted by transfer to the Faculty of Law, Business and Social Sciences, and if not concurrently seeking a degree in the other faculty, may be permitted to count such attendance given and credits obtained as qualifying towards the Degree of Master of Arts (Social Sciences); and may be exempted by the Faculty of Law, Business and Social Sciences from not more than two years' attendance in the Faculty, subject to such conditions as the Faculty may prescribe in each case.
- b) A candidate who has attended courses and obtained credits in another institution of higher education approved by the University Court on the recommendation of the Senate, may be allowed to count such attendance given and credits obtained as qualifying towards the Degree of Master of Arts (Social Sciences) of this University provided that the Senate is satisfied that the content and standard of any course, or combination of courses, and associated credits to be recognised are equivalent to a corresponding course, or combination of courses, and credits qualifying for the Degree of Master of Arts (Social Sciences); but any such candidate shall attend qualifying courses in the University of Glasgow for at least two sessions including the final year of his / her curriculum.
- c) A graduate of any other faculty of the University or of another institution of higher education approved by the University Court on the recommendation of the Senate who seeks admission directly to Honours study may be allowed to count such attendance given and credits obtained as qualifying towards the Degree of Master of Arts (Social Sciences) provided that:
- i) the Senate is satisfied that the content and standard of any course, or combination of courses, and associated credits to be recognised are equivalent to a corresponding course, or combination of courses, and credits qualifying for the Degree of Master of Arts (Social Sciences);
 - ii) recognition is limited to the equivalent of such courses and associated credits as satisfy the normal requirements of the Faculty and Departments for admission to Honours.
- d) A student who has, at first presentation for the examination, obtained a General Certificate of Education Advanced Level pass
- i) at Grade A or B in a subject in Group A
 - ii) at a grade in a Group B subject as specified in the provisions of the Faculty in which the corresponding department is located

may be exempted from the Level 1 course in that subject, provided that the Head of Department concerned has given approval and that the student has given consent. Not more than two such exemptions shall be granted. Exemption may also be granted to students holding certain overseas qualifications approved for this purpose by the Senate, provided that the Senate is satisfied that the standard of attainment is equivalent to a GCE Advanced Level pass at the appropriate grade.

A student granted exemption from a Level 1 course shall be eligible to count such exemption as fulfilling the prerequisites for entry to a Level 2 course.

A student granted exemption shall not be entitled to the award of credits in respect of the Level 1 course from which he or she has been exempted and may not count such a course as a qualifying course for the Degree.

2. General Structure and Assessment of Degree

2.1 The curriculum for the Degree of Master of Arts (Social Sciences) shall comprise qualifying credit-bearing courses. The minimum requirement for the award of the Degree is expressed in terms of subjects taken, the level of the courses, credits accumulated and the weighted average of the grade points derived from the grades awarded by the examiners of each course.

2.2 a) Group A Courses listed in 2.4 a) below will bear the following credits:

Levels 1 and 2	Part session	10 or 20 credits
Levels 1 and 2	Full session	40 credits ¹
Level 3	Part session	15 or 20 credits
Level 3	Full session	30 or 40 credits
Level 3 Special		60 credits
Honours	Part session	15 or 20 credits
Honours	Full session	30 or 40 credits

Subject to the approval of their Adviser of Studies, students may elect to exit at mid-session from Level 1 or 2 full session courses and thereby become eligible to obtain 20 credits.

- b) Other courses will bear the number of credits determined by the corresponding faculty.
- c) A qualifying course shall bear a minimum of 10 credits.

¹ A 60 credit level 2 course in Geography is the only exception.

- 2.3 A course² shall contribute to the credits required for a graduating curriculum only if a candidate's performance in the corresponding overall assessment results in the award of grade points in accordance with the prevailing Code of Assessment. The minimum requirement for the award of grade points shall be specified by a department and given to students at the beginning of the course. This requirement shall normally include:
- a) a specified minimal level of compliance with departmental instructions in terms of attendance and completion of work; a student who fails to comply shall normally be refused credit for the course
 - b) a specified minimal level of performance in the assessment scheme of the course.

2.4 Recognised Qualifying Courses

Entry will be under such conditions as may be prescribed for Social Sciences students by the appropriate Faculty. The Faculty of Law, Business and Social Sciences shall determine in any cases of doubt whether or not a course qualifies under this regulation.

2.5 Existence of Pre-requisites and Co-requisites

Unless exception is made in the *Catalogue of Courses*, progression to a Level 2 or 3 course will be granted only to those students awarded grade D or better in the corresponding Level 1 or Level 2 course. Where there are other prerequisites to entry these shall be stipulated in the *Catalogue of Courses*.

2.6 Approval of Curricula

The curriculum of each candidate must be approved at the start of each session by the candidate's Adviser of Studies. Once approved, the curriculum may not be altered except by an Adviser of Studies.

2.7 Minimum requirement for the award of credits

- a) Credits for courses contributing to a candidate's curriculum shall be awarded subject to the fulfilment of required conditions. The minimum requirements for the award of credits are set out in the Code of Assessment at \$16.21 - 16.25 of the section Fees and General Information for Students in the University Calendar.
- b) Students shall be required to comply with such departmental instructions as are prescribed by the Head(s) of Department in charge of the course concerned. Such instructions may require students: to attend

² The term 'course' refers to a unit of study on a particular topic with defined aims, intended learning outcomes, assessment scheme and credit value. Previously this was referred to as 'module'.

specified lectures, tutorials, laboratory or practical sessions, field courses, examinations and other events; to provide themselves with such books, equipment and other materials as are necessary for the course; to submit items of work, including essays, dissertations and project reports, by such dates as may be instructed. All such instructions shall be given to the students in writing at the beginning of the course concerned. Reasonable notice of any alteration to them will also be given.

2.8 Assessment

- a) Assessment shall be conducted in accordance with the prevailing Code of Assessment which is contained in the Fees and General Information section of the *University Calendar*.
- b) A scheme of assessment of each Honours programme permitted under Regulation 4.6 shall be approved by Senate not less than one year before the diet of final examinations which the scheme requires. A scheme of assessment of an Honours programme will require a single dissertation or project or equivalent piece of independent work not exceeding 30 credits to replace taught courses of the same credit value in the final year curriculum. The Board of Studies in Social Sciences may approve other replacements of taught courses in respect of specific programmes.
- c) Candidates shall normally be required to sit any end-of-course examination for a course at Level 1, Level 2 or Level 3 at the first available diet after completion of the course. A candidate who does not attend that examination at the first diet, without good cause shown, shall for the purposes of these regulations have the same reassessment entitlement as a student who attends the examination and is awarded a Grade H.
 - i) Full-time candidates for the Degree with Honours shall take the final examination in a subject *either* in one diet on completion of the two years of study at the Honours standard *or* in two diets in respect of the courses taken in each of the two years of study at the Honours standard, as shall be determined by the department concerned and stated in the *Catalogue of Courses*.
 - ii) Part-time candidates for the Degree with Honours shall take the final examination in two diets: four papers after at least two years of study at the Honours standard and four papers at the end of the final year of study at the Honours standard. Heads of Department may make alternative arrangements if required.

A candidate for the Degree with Honours shall normally present himself or herself for final examination immediately upon completion of the prescribed courses. However, at the discretion of a Head of Department and on grounds of illness or other good cause shown, a candidate may be permitted to delay presentation for final examination for not more than one year, in the first instance.

Except with the express approval of the Senate a candidate who has attended for examination in a subject at the Honours standard shall not attend for examination in that subject at a subsequent diet. Examiners shall have the power to require candidates for Honours to attend an oral examination.

2.9 Re-assessment in a Course

A candidate who is awarded a Grade A, B, C or D in the first diet of the end-of-course examination for a course at Level-1, Level-2 or Level-3 will not normally be allowed to resit the examination. Any other candidate entitled to sit the end-of-course examination shall be entitled to resit the examination, but normally only once and at the next available diet. The number of grade points awarded as a result of the resit assessment will be no higher than 10 (defined in Schedule C of the Code of Assessment as being equivalent to a Grade D) and no lower than the number corresponding to the Grade achieved in the original assessment.

Notwithstanding the above, any candidate who

- (a) is entitled to submit to end-of-course assessment and
- (b) requires an improved result after the first diet of the examination in order to complete a graduating curriculum in that year of study

may resit the end-of-course examination irrespective of the result obtained as a consequence of the first diet. Entitlement to resit shall normally be limited to the next available diet when the candidate will be awarded the number of Grade Points corresponding to the Grade achieved in the resit assessment or, if higher, that corresponding to the Grade achieved in the original assessment. This provision will extend to courses totalling no more than 60 credit points.

3. Progress of Students

3.1 General progress requirements for all levels of the award

The progress of all students will be reviewed annually in respect of the Progress Requirement set out below.

Students are required to obtain the following:

- a) From full-time study:
 - i) 80 credits at grade D or better by the end of first year;
 - ii) 160 credits, 40 of which must be at Level 2, at grade D or better by the end of second year;
 - iii) in the case of candidates for the Degree of Master of Arts (Social Sciences), a minimum of 260 credits at a grade point average of at least 10 by the end of third year;

- iv) in the case of candidates for the Degree of Master of Arts (Social Sciences) with Honours, a minimum of 240 credits from qualifying courses at Level 1 and Level 2 at grade D or better, before entry to the Senior Honours year of study;
 - v) a graduating curriculum by the end of fourth year.
- b) From part-time study:
- i) The minimum attainment required of an individual part-time candidate to progress to the next year of study shall be determined by the Chief Adviser of Studies on behalf of the Faculty and communicated to the candidate at the start of the session.
 - ii) A student whose progress is inconsistent with graduating within the maximum period of time allowed (10 years) will be excluded from further study in the Faculty.

3.2 Administration of progression

The academic record of any student who fails to satisfy the Progress Requirement will be examined by the Faculty Progress Committee. The Chief Adviser of Studies will submit a report to the Committee on each case and the student will be invited to make representation on his/her behalf. The Progress Committee may exclude such a student from further study in the Faculty of Law, Business and Social Sciences or may permit the student to continue studies subject to such conditions as the Progress Committee may determine. A student who has been suspended or excluded from further study in the Faculty by decision of the Faculty Progress Committee shall be informed of this decision in writing.

3.3 Appeals against Decisions relating to the Progress of Studies

A student who is excluded from further study in the Faculty of Law, Business and Social Sciences under Regulation 22 may appeal to the Faculty Appeals Committee.

a) *Honours in a single subject:*

A programme of courses at the honours standard comprising 240 credits in a subject listed under Group A in Regulation 2.4, approved by the Board of Studies in Social Sciences and listed in Regulation 4.11(a). Up to 60 credits may be replaced by courses at the honours standard in another subject other than a foreign language, subject to the approval of both Heads of Departments. A single dissertation or project or equivalent piece of independent work in the subject must be completed in the final year curriculum.

b) *Honours in a combination of two subjects:*

A programme of courses at the honours standard comprising 120 credits in each of two subjects at least one of which shall be a subject listed under Group A in Regulation 2.4, approved by the Board of Studies in Social Sciences and listed in Regulation 4.11(b). In the case of a subject not listed under Group A the required courses and credits shall be as prescribed by the corresponding Head of Department. A single dissertation or project or equivalent piece of independent work in one of the two subjects must be completed in the final year curriculum. A free choice between the two subjects shall be permitted.

c) *Honours in a principal social science with a subsidiary language:*

A programme of courses at the honours standard comprising 180 credits in a subject listed under Group A in Regulation 2.4 and 60 credits in a foreign language, approved by the Board of Studies in Social Sciences and listed in Regulation 4.11(b). A single dissertation or project or equivalent piece of independent work in the principal social science subject must be completed in the final year curriculum.

A candidate may proceed to a programme combining a Group A subject and another subject not listed in Regulation 4.11(b) subject to the approval of the Board of Studies of the Degree of Master of Arts (Social Sciences) and the Senate.

- 4.7 a) A full-time candidate for the Degree with Honours shall complete courses of study in the single subject or in the pair of subjects or in the principal subject and the subsidiary language extending over at least three sessions, of which courses of study in two sessions shall be at the Honours standard.
- b) A part-time candidate for the Degree with Honours shall complete courses of study in the single subject or in the pair of subjects or in the principal subject and the subsidiary language extending over at least five sessions including at least four sessions at the Honours standard.

Where an Honours prescription permits a candidate in the Junior Honours year to take a course of study at a University abroad approved by the Senate, such a period of study shall, in the case of full-time students only, be counted as one of these two sessions.

- 4.8 a) Before admission to Senior Honours a student shall have accumulated a minimum of 240 credits from qualifying courses at Level 1 and Level 2 awarded at grade D or better. The qualifying courses shall be selected from those listed in Regulation 2.4 and shall normally include courses totalling 160 credits at Level 1 and courses totalling 80 credits at Level 2; either 120 credits at Level 1 and 40 credits at Level 2, or 80 credits at Level 1 and 80 credits at Level 2, shall be from courses listed in Group A.
- b) A student who transfers from another Faculty to enter the curriculum of the Degree of Master of Arts (Social Sciences) will normally be required to have obtained at least 80 credits from courses selected from Group A of which at least 40 credits should be at Level 2. The Regulations should be satisfied in all other respects.
- c) Where satisfaction of the stated prerequisites for admission to an Honours programme under Regulation 4.8(b) would otherwise require the accumulation of credits at Level 1 and Level 2 in excess of the numbers stated in (a) above, the prerequisite credits may be substituted, provided any candidate accumulates at least 120 credits at Level 1 of which 80 shall be from courses listed in Group A.

- 4.9 A student who is awarded grade C or better in the prerequisite Level 2 course or courses in a particular subject within the curriculum of the Degree of Master of Arts (Social Sciences)³ shall be guaranteed an offer of admission to the corresponding Honours course, provided the other departmental requirements for admission are satisfied. Each department will ensure that students are informed of the standard of performance which guarantees an offer of admission to Honours in a particular subject. Normally, the required standard of performance will be achieved at the first attempt. Exceptionally a student who is awarded grade D may be offered admission to Honours if the department judges that in other respects the student's previous performance offers a reasonable prospect of the student reaching the minimum standard required for the award of an Honours Degree. However, depending on student demand, class size may have to be limited and admission of students not achieving the guarantee requirements is subject to the availability of places in the class. In the case of a student refused admission to Honours, the Head of Department will inform the student's Adviser of Studies. A student may appeal to the Faculty Appeals Committee against such refusal of admission.

- 4.10 A candidate for the Degree with Honours may elect or be required by a Head of Department to be assessed at the Level 3 Special standard after completion of the Junior Honours year. The assessment shall be by final examinations in respect of each of the courses of the Junior Honours year of the honours programme, the corresponding credits being at Level 3.

³ These subjects will be Group A subjects, but excluding Geography, Philosophy and Psychology where the requirements for Honours entry will be specified by those departments.

A candidate who is awarded grade D or above at the Level 3 Special standard and who satisfies the requirements of Regulation 4.8 may be permitted to proceed to assessment at the Honours standard. Credits accumulated and grade points awarded at the Level 3 Special standard shall count towards the minimum graduating curriculum for the Degree of Master of Arts (Social Sciences).

2.7 Re-assessment in a Course

Candidates shall normally be required to sit any end-of-course examination for a course at the first available diet after completion of the course. There will not normally be any resit examination in Level 3/4 courses taken at Honours level. Any other candidate entitled to sit the end-of-course examination shall be entitled to resit the examination, but normally only once and at the next available diet. A candidate who does not attend that examination without good cause at the first diet, shall for the purposes of these regulations have the same reassessment entitlement as a student who attends the examination and is awarded a Grade H. The academic record of any student who fails to satisfy the progress requirement set out above will be examined by the Faculty Progress Committee. The Adviser of Studies will submit a report to the Committee on each case. The date of the meeting of the Progress Committee will be advertised in advance on Departmental notice boards. A student who has been affected by the application of the Progress Regulations may make written representations on his/her behalf to the Committee. Students liable to be excluded or suspended shall be informed of this in writing. Any candidate may appeal against the application of the progress regulations; such appeal is to the Faculty Appeals Committee.

Appeals against decisions of the Departments within the Faculty in relation to progress or other matters affecting a candidate should be made to the Faculty Appeals Committee in accordance with the procedure set out in the University *Calendar*.

4. Specific Structure of the Degree and Sub-Degree Awards

4.1 Minimum Requirements of the Award of the Degree and Other Awards

4.1.1 Degree of Bachelor of Accountancy and Law at Ordinary Level

- a) A minimum graduating curriculum for the Degree of Bachelor of Accountancy and Law at the Ordinary level must include qualifying courses comprising:
 - i) a minimum total of 360 credits;
 - ii) a minimum of 300 credits at grade D or better;
 - iii) all courses in List A at grade D or better
 - iv) a minimum of 30 credits from Accountancy and Finance courses in List B ;
 - v) a minimum of 30 credits from Law courses in List B;
 - v) a minimum of 60 credits at Level 3.
- b) The Ordinary Degree may be awarded with distinction where the candidate has achieved a GPA of 14 or better, with no grade less than D, or with Merit where the candidate has achieved a GPA of at least 12 but less than 14, with no grade less than D. Where the candidate has accumulated more than the minimum number of credits required, the credit counted in the calculation of the grade point average shall be reduced to that minimum by discarding all or part of the credit for certain of the courses in such a way as to maximise the grade point average while meeting all other requirements of the regulations.

4.1.2 Degree of Bachelor of Accountancy and Law with Honours

- a) i) a minimum graduating curriculum for the Degree of Bachelor of Accountancy and Law with Honours must include a minimum total of 480 credits from qualifying courses, including:
 - ii) all courses in List A at grade D or better;
 - iii) a minimum of 300 at grade D or better from courses at levels 1,2 and 3;
 - iv) a minimum of 60 credits from courses in Lists B and C;
 - v) a minimum of 150 credits from courses in Lists D and E, with a minimum of 60 credits from each of Lists D and E
 - vi) an optional honours dissertation of 30 credits, on a subject approved by the appropriate Head of Department. If this option is not taken an additional 30 credits must be taken from Lists D and E, so that a student opting not to take an honours dissertation is required to take a minimum of 180 credits from Lists D and E.
- b) No course may be taken at Honours level from Lists D and E, if it has previously been taken at Ordinary level from List B.
- c) Where a dissertation topic is selected from Accounting and Finance, the student will be required to undertake the List D course Research Methodology in that department, unless the student is on an exchange programme in third year, in which case an alternative course, subject to the approval of the Head of Department, shall be agreed.
- d) Where a dissertation topic is selected from Law, the student may be required to undertake a course in Research Methodology in that department, unless the student is on an exchange programme in third year, in which case an alternative course, subject to the approval of the Head of Department, may be agreed.
- e) Honours classification will normally be primarily based on performance in the dissertation and in Lists D and E honours courses.

4.2 Other Aspects Specific to the Degree Structure

- a) A full-time candidate for the Degree with Honours shall complete courses of study extending over at least four sessions, of which courses of study in two sessions shall be at the Honours standard.

Where an Honours prescription permits a candidate in the Junior Honours year to take a course of study at a University abroad approved by the Senate, such a period of study of one session shall, in the case of full-time students only, be counted as one of these two sessions.

- b) A candidate who has satisfactorily completed the whole of his or her Junior Honours courses but who is not for whatever reason awarded an Honours Degree shall be awarded an Ordinary Degree under the requirements of 4.1.1 above.
- c) The Faculty will ensure that students are informed of the standard of performance which guarantees an offer of admission to Honours in a particular programme. Any other student will be offered admission if the Faculty judges that the student's previous performance offers a reasonable prospect of the student reaching the required standard in the Honours programme. However, depending on student demand, class size may have to be limited and admission of students not achieving the guarantee requirements is

subject to the availability of places in the class. In relation to List E, admission to Honours does not imply admission to any particular course. Students must apply for admission to individual courses in accordance with the instructions issued by the School of Law. Admission to a particular course cannot be guaranteed even for students who satisfy the minimum admission requirements. In the case of a student refused admission to Honours, the appropriate Head of Department will inform the student's Adviser of Studies. A student may appeal to the Faculty Appeals Committee against such refusal of admission.

- d) A candidate for the Degree with Honours shall normally present himself or herself for examination immediately upon completion of the prescribed courses. However, the appropriate Head of Department may, at his or her discretion and on grounds of illness or other good cause shown, permit a candidate to delay taking his or her final Honours examination for not more than one year.
- e) i) There shall be three classes of Honours, but the examiners may, at their discretion, divide the second class into two divisions.
- ii) A candidate for the Degree with Honours who has completed the Degree examinations and has failed to be placed in any class, may be recommended for the award of the Ordinary Degree of Bachelor of Accountancy and Law. Any such recommendation shall be made by the Honours examiners concerned, who shall take into account the performance of the candidate in the Final Honours examinations and his/her course work in the Junior and Senior Honours Classes.

4.3 Early Exit Awards

a) Certificate of Higher Education (Accountancy and Law)

Students who proceed to a degree will not receive a certificate.
- ii) The Diploma of Higher Education (Accountancy and Law) shall be awarded with Merit where the average grade over the courses being counted for the award of the Diploma is B with no grade below D, and with Distinction where the average grade over the courses being counted for the award of the diploma is A with no grade below D.

4.4 Award of Certificates for Graduates Studying at Undergraduate Level

A graduate of this University or of another University or institution of tertiary education recognised for this purpose by the Senate, may be permitted by a Department in consultation with the Clerk of the Faculty to enrol in a course, complete the assessment elements of the course and receive certification of the outcome of the assessment.

The curriculum of each candidate must be approved at the start of each session by the candidate's Adviser of Studies. Once approved, the curriculum may not be altered except by an Adviser of Studies.

2.5 Minimum Requirements for the Award of Credit

Credits for courses contributing to a candidate's curriculum shall be awarded subject to the fulfilment of required conditions. The minimum requirements for the award of credits are set out in the Code of Assessment at \$16.21 - 16.25 of the section Fees and General Information for Students in the University Calendar.

2.6 Assessment

Regulations for assessment are governed by the Code of Assessment which is contained in the Fees and General Information section of the *University Calendar*.

2.7 Achievement of grade D where a Course Involves more than One Instrument of Assessment

In order to achieve a grade D in a course which involves more than one instrument of assessment a candidate will:

- a) have to comply with the requirements set out in regulation 2.5 above;
- b) require to obtain an overall mark for all instruments of assessment of at least grade D; and
- c) have no G or H grade for an individual instrument of assessment.

2.8 Re-assessment in a Course

- a) A candidate shall normally be required to complete any assessment task at the first available opportunity. A candidate who, without good cause, does not so complete shall not be given a grade for that assessment. Where a candidate is excused from completion at the first available opportunity for medical reasons or other good cause, the next opportunity shall be treated as the first opportunity.
- b) A candidate who is awarded a grade of D or better after the first assessment of a course will not normally be allowed to resit an end of course examination or other summative assessment. Any other candidate shall be entitled to resit the examination or assessment provided he or she has otherwise complied with the minimum requirements for the award of credit for the course concerned. In the case of an end of course examination, the candidate is entitled to resit at the next available diet. Where other forms of summative assessment are involved, the entitlement is to resit that assessment at the next available opportunity. Where the assessment of the course involves more than one instrument of assessment a grade of F or better in any one of these may be carried forward to the resit.
- c) A candidate who, after resitting the assessment for a course, still has not achieved grade D or better, will normally be entitled to resit the assessment on two further occasions in the next succeeding academic year. Where the assessment of the course involves more than one instrument of assessment a grade of F or better in any one of these may be carried forward to the resit attempts in the next succeeding academic year.
- d) The number of grade points awarded as a result of the resit assessment will be no higher than 10 (defined in Schedule C of the Code of Assessment as being equivalent to a Grade D) and no lower than the number corresponding to the Grade achieved in the original assessment.

Notwithstanding the above, any candidate who

- (a) is entitled to submit to end-of-course assessment and
- (b) requires an improved result after the first diet of the examination in order to complete a graduating curriculum in that year of study

may resit the end-of-course examination irrespective of the result obtained as a consequence of the first diet. Entitlement to resit shall normally be limited to the next available diet when the candidate will be awarded the number of Grade Points corresponding to the Grade achieved in the resit assessment or, if higher, that corresponding to the Grade achieved in the original assessment. This provision will extend to courses totalling no more than 60 credit points.

3. Progress in Studies

3.1 General Progress Requirements for all Levels of the Award

 - iii) after three years of study, 280 credits, including at least 40 at each of levels 2 and 3.
- d) Where a candidate is required to repeat a year of study under paragraph (c), he or she may instead be suspended at his or her own request. The Faculty may impose such conditions on suspension as it considers fit, and a suspended candidate shall normally be readmitted on application if he or she has satisfied those conditions. A candidate who has been suspended will be readmitted to the year of study which Faculty considers appropriate in view of their performance since beginning study for the Degree.
- e) A candidate may normally proceed into Senior Honours only if he or she has satisfactorily completed the work of her or his Level 3 courses and attained a grade D or better for the compulsory courses listed in regulation 2.3.

3.2 Administration of Progression

The progress of all candidates is subject to annual review. The academic record of any student who fails to satisfy the progress requirement set out below will be examined by the Faculty Progress Committee. - b) Have obtained at least 300 credits at grade D or above.
- c) Have obtained grade D or above in all the subjects listed as compulsory for the Degree in regulation 2.3.
- d) Have obtained at least 120 credits for subjects at level 2 or above, and at least 60 credits for subjects at level 3.

Where the candidate has accumulated more than the minimum number of credits required, the credit counted in the calculation of the grade point average shall be reduced to that minimum by discarding all or part of the credit for certain of the courses in such a way as to maximise the grade point average while meeting all other requirements of the regulations.

4.2 Degree with Distinction and Degree with Merit

The Ordinary Degree may be awarded with Distinction where the candidate has achieved a GPA of 14 or better or with Merit where the candidate has achieved a GPA of at least 12 but less than 14. Where the candidate has accumulated more than the minimum number of credits required, the credit counted in the calculation of the grade point average shall be reduced to that minimum by discarding all or part of the credit for certain of the courses in such a way as to maximise the grade point average while meeting all other requirements of the regulations.

4.3 Admission to Honours

- a) A candidate for admission to study at Honours level must apply in accordance with the instructions issued by the School of Law. Any candidate who is refused admission to Honours study may appeal to the Faculty Appeals Committee. Candidates for admission to joint Honours must, in addition, apply in accordance with the instructions issued by the relevant other department.
- b) From time to time the School of Law will prescribe a minimum GPA for admission to Honours and the date at which it is calculated. A candidate shall not normally be admitted unless he or she has achieved the minimum GPA and has achieved a grade of D or better in all the courses listed in regulation 2.3 as being compulsory for the Degree of LLB.
- c) Admission to Honours does not imply admission to any particular course. Students must apply for admission to individual courses, either at Level 3 or at honours level as appropriate, in accordance with the instructions issued by the School of Law. Admission to a particular course cannot be guaranteed even for students who satisfy the minimum admission requirements.
