XIV CODE OF PROCEDURE FOR APPEALS

1. Introduction

The Senate of the University of Glasgow has agreed with the Academic Council of The Glasgow School of Art that a joint procedure for the consideration of appeals against academic decisions be established for students following courses which are taught wholly or partly in The Glasgow School of Art, and which lead to awards of the University of Glasgow. Appeals will be considered by a joint Glasgow School of Art and University of Glasgow Appeals Committee (see paragraph 5).

This procedure has been approved by the Senate of the University and the Academic Council of the School and covers appeals against academic decisions on progress and final degree examination(s). It applies to all Undergraduate, Taught Postgraduate and Research Postgraduate students.

The School shall provide an annual report to the Liaison Committee of the University of Glasgow and The Glasgow School of Art. The report will contain a review of activities in relation to academic appeals.

2. Principles

The Glasgow School of Art Code of Procedure for Appeals observes the general principles outlined below.

- 2.1 A student should have a full opportunity to raise an appeal against an academic decision without fear of disadvantage and in the knowledge that confidentiality will be respected.
- 2.2 The School will provide enrolled students with a copy of the appeals procedure as well as advice and support on the procedure as required. Additional advice and support may be provided by the President of the Student Representatives Council (SRC) of The Glasgow School of Art or alternatively by the Registrar.
- 2.3 Members of the Joint Appeals Committee (See paragraph 5.3) should be provided with regular guidance on the Code of Procedure for Appeals.
- 2.4 Where an appeal is upheld, the School will reimburse the student with any reasonable and proportionate incidental expenses associated with her/his appeal.
- 2.5 The procedure will comply with the legislation relating to Data Protection and Freedom of Information.

3. Definition of an Appeal

- 3.1 An appeal is defined as a request for a review of a decision of an academic body charged with making judgments concerning student progression, assessment or award.
- 3.2 A student may appeal on the grounds outlined in paragraph 6.5 below.
- 3.3 **A student may not appeal against decisions of Examiners or other matters of academic judgment unless the grounds of the appeal are contained in paragraph 6.5 below.**
- 3.4 **A former student may not appeal once s/he has graduated from the School. By graduating, the former student is deemed to have accepted the recommendation of the Board of Examiners.**
- 3.5 The *Code of Practice on Incomplete Assessment and Good Cause*, outlined in Section XVII of the 'University Fees and General Information for Students' extract of the University of Glasgow Calendar, is concerned with the sudden unforeseen onset of illness or adverse personal circumstances affecting the student. It is not intended to apply to chronic or persistent illness or to long-term adverse personal circumstances affecting a student's preparation for examinations and/or attendance at examinations or the submission of written work by the due date. **Examiners will mark and classify the performance as it stands and will not judge undemonstrated capability.** Where there is chronic illness, good cause shall only be established where the candidate's performance has been compromised by a sudden severe episode of the illness.

4. The Appeal Process

Informal Resolution

- 4.1 Prior to submitting a formal appeal, students are advised to discuss the matter with their Course Tutor, Head of Department or equivalent in an attempt to resolve the matter informally. An Officer of the SRC can assist or represent the student in seeking an informal resolution.

An Appeal against a decision on Progress

- 4.2 An appellant who wishes to appeal on grounds of medical or other adverse personal circumstances against the application of published PROGRESS regulations, should obtain a medical report or a report on the other adverse circumstances and should submit it to the Registrar with the note of appeal. This will then be passed to the Convener of the Board of Examiners for consideration.
- 4.3 The Joint Appeals Committee (see paragraph 5.3) will entertain a progress appeal by a student against the decision of a Board of Examiners only on the grounds that:
 - a) that there has been defective procedure at the level of the Board of Examiners;
 - b) the disposal of the Board of Examiners was clearly unreasonable.
 - c) that there is new information that for good and proper reason was not available to the Board of Examiners at the time it reached its decision.

An Appeal against a Final Degree Examination Decision

Appeals against the decision of a Board of Examiners will follow the process outlined below.

- 4.4 The first stage will be a Preliminary Disposal. The detailed process and the possible outcomes of the Preliminary Disposal are outlined in paragraph 7.3 below.
- 4.5 The Preliminary Disposal may result in a referral of the appeal to a full hearing of the Joint Appeals Committee. The procedure for this is outlined in paragraph 8.
- 4.6 Further review by the Senate Appeals Committee of the University of Glasgow is available following consideration by the Joint Appeals Committee but only on the grounds outlined in paragraph 13.2.

5. Joint Appeals Committee

- 5.1 The Academic Council of The Glasgow School of Art shall establish a Joint Glasgow School of Art/University of Glasgow Appeals Committee (hereafter referred to as the Committee).
- 5.2 Full power for deciding appeals are vested in the Committee.
- 5.3 The Committee shall consist of the Director (Convener) or her/his nominee, members of the Academic Council, members of the Joint Board for Product Design Engineering and the President of the SRC. Exceptionally, the Committee shall have powers to co-opt up to two members of the Senate of the University of Glasgow. Where a case in question involves a course taught partly in the University, there shall be at least one University member serving on the Committee. The appellant has the right to object to the involvement of the student representative. Such objection should be submitted in writing along with the letter of appeal.
- 5.4 Where a member of the Committee has participated directly in the decision appealed against, that member shall not sit for the individual appeal. No member of the Senate Appeals Committee shall be entitled to serve on the Committee.
- 5.5 The quorum of the Committee shall be 3.
- 5.6 The Committee may have the assistance of a legal adviser.
- 5.7 The Registrar (or her/his nominee) shall act as Secretary to the Committee.
- 5.8 The Joint Appeals Committee shall not have authority to alter an academic decision. If relevant factors are raised by the appeal which should have been known to the Board of Examiners or which the Board failed to take into account, the Committee shall instruct the Board to reconvene to reconsider the assessment. Where the Board after reconsideration of the issues raised in the appeal retains the original decision, the Deputy Director of the School or her/his nominee shall decide whether the recommendation of the Board should be accepted or rejected.

6. Lodging of an Appeal

Timescales

- 6.1 An appeal or intimation of intention to appeal should be submitted in writing to the Registrar within 10 working days of the intimation to the student of the decision against which the student is appealing. Where an intention to appeal is submitted, the full appeal, including the grounds and the remedy shall be submitted within 20 working days of the date of the letter intimating intention to appeal.
- 6.2 An application for an extension of time for submitting an appeal beyond 20 working days shall be submitted to the Registrar and shall include sufficient information concerning the nature of the appeal, the grounds on which an extension of time is sought and shall be accompanied by such evidence of medical or adverse personal circumstances as are relevant to the application.

- 6.3 An extension of time for submitting an appeal shall not be granted unless the Convener of the Joint Appeals Committee is satisfied that the student was precluded from appealing within 20 working days as a result of serious illness or other circumstances which are both exceptional and relevant to the appeal.
- 6.4 A letter of appeal or other documents for the consideration of an appeal shall be treated as having been given or sent on the day that it is received by the Registrar; and any letter or document sent to any person, including the student, in connection with the appeal shall, if sent to the person's last notified address, be treated as having been given or sent on the day that it was posted.

Grounds for Appeal

- 6.5 Appeals will not be entertained against marks or decisions of examiners, or other matters of academic judgment, but only on grounds of unfair procedure or new evidence, namely:

Medical or other adverse personal circumstances

- a) that there is new information that for good and proper reason was not available to the Board of Examiners at the time when it reached its decision on a particular student.

An appellant who wishes to appeal on grounds of medical or other adverse personal circumstances against a decision reached by a Board of Examiners, is referred to the *Code of Practice on Incomplete Assessment and Good Cause* in Section XVII of the "University Fees and General Information" extract of the University of Glasgow Calendar;

Unfair or Defective Procedure

- b) that the conduct of the examination was not in accordance with the approved examination regulations for the course;
- c) that the candidate was given misleading written information concerning the nature of the examination and its requirements.
- 6.6 The provision for medical evidence or evidence of adverse personal circumstances is not designed to compensate for underperformance due to these circumstances nor are Examiners expected to infer how a candidate might have performed if unaffected. Where a candidate's performance is borderline between grades or classifications of Honours, provision of such evidence shall not necessarily raise the candidate to a higher grade or classification.

Content of Letter of Appeal

- 6.7 An appeal submitted by E-mail will not be considered. E-mail correspondence will only be acceptable where it has been used to make or confirm arrangements for a hearing, if a hearing is deemed to be necessary.
- 6.8 The note of appeal must include:
- a) the name, address, telephone number and e-mail address of the appellant;
- b) all the grounds on which the student considers that the decision should be changed; additional grounds may be admitted subsequently but only at the discretion of the Convenor; additional grounds presented at a hearing may lead to adjournment of the hearing.
- c) the remedy, or remedies, which the student seeks;
- d) whether the student wishes to make oral representation at any hearing which may be held or whether s/he is content for the appeal to be considered without her/his presence;
- e) whether the student intends to be assisted or represented by any person and, if so, the name, address and occupation of that person.
- 6.9 A student who wishes to appeal on grounds of medical or other adverse circumstances shall provide a ^{*} medical report from her/his General Practitioner or Hospital Consultant. The medical report shall detail the severity, duration and possible impact of the medical condition on the student's academic performance. Where the student wishes to appeal on the grounds of adverse personal circumstances, a written statement by an independent witness must be provided. The report shall detail the severity, duration and possible impact of the circumstances.

7. Consideration of Appeal

Power to give directions

- 7.1 The Director or her/his nominee may direct the student (or her or his representative) or any party to the proceedings to furnish additional evidence, information or explanation as may be thought to be appropriate.
- 7.2 A direction to the student (or her or his representative) shall state the period of time by which the student shall respond in writing following which the appeal may be dismissed by the Director.

Preliminary Disposal

- 7.3 Upon receipt of a written appeal the Director or her/his nominee, after consultation with two other members of the Joint Appeals Committee, may make a Preliminary Disposal which may result in:

* A charge may be made by a GP for the provision of a medical report.

- a) Dismissal of the appeal because:- no competent grounds for appeal have been stated; the appeal is frivolous or vexatious; the appeal is out of time or the student failed to comply with a direction made;
 - b) Dismissal of the appeal because the evidence submitted could reasonably have been presented to the Board of Examiners;
 - c) Referral of the appeal to the relevant Board of Examiners for reconsideration where Clause (i) of the Code of Practice on Incomplete Assessment and Good Cause (see Section XVII) has been satisfied and where it is clear that the Board of Examiners was unaware of the medical or personal circumstances described in the letter of appeal.
 - d) Referral of the appeal to a full hearing of the Joint Appeals Committee, whereupon the Convener may take such other interim action as he/she deems appropriate. Provision of a hearing does not imply that a prima facie case has been established.
- 7.4 The Registrar will state in the letter to the student (or her or his representative) the outcome of the Preliminary Disposal, the reasons for the decision and shall provide the papers which were considered by the Committee.
- 7.5 An appeal which has been dismissed under Preliminary Disposal may be reinstated if the student (or his or her representative) makes representations with reasons why the case should not have been dismissed. The representation and the reasons shall be made in writing within 10 working days of the date of letter intimating the outcome of the Preliminary Disposal.

8. Hearing Arrangements

The Committee will normally meet within twenty days after receipt of an adequate note of appeal, or as soon as practicable thereafter.

The Registrar shall:

9. Attendance at Hearing

- 9.1 Where the student is prevented from attending by ill health, the hearing shall normally be deferred on submission of a medical certificate. If the student does not attend on the agreed date and no notification of the absence has been received, if the Convener is satisfied that the student has received due notice of the hearing, the Committee may proceed to deal with the case and to reach a decision in the student's absence.
- 9.2 The student shall have the right to be accompanied at the hearing by one of the following: a parent or guardian; a fellow student or other friend or to be formally represented by an Officer of the Students' Representative Council; a member of the University staff; or a lawyer. The name of any person or persons called by the student to provide evidence shall be provided to the Registrar no later than 10 working days before the date of the hearing. The student shall be responsible for arranging the attendance of such persons at the hearing with the exception of members of staff of the School who shall be notified of the date, time and location of the hearing by the Registrar.
- 9.4 If any person or persons are unable or unwilling to attend the hearing, the Convener of the Committee shall be responsible for deciding if the hearing should proceed on the date arranged or be deferred.
